Ovia Krishnasamy Muthaly

Interaction Designer | krishnao@sheridancollege.ca | 647-568-3851 | www.linkedin.com/in/oviak03

SUMMARY

Interaction Design student with experience in customer service, event operations, and survey analytics. Skilled in Excel, SQL, Google Sheets, and customer-focused reporting, with an interest in using data and design to improve customer experiences.

EDUCATION

Sheridan College **Oakville, ON**
Candidate for Honours Bachelor of Interaction Design *Expected Apr 2028*

WORK EXPERIENCE

monstrARTity Creative Community **Mississauga, ON**
Event Operations & Web Developer *Apr 2024 – Sep 2026*

- Served as a knowledgeable, customer-first point of contact for attendees, vendors, sponsors, performers, and VIP guests across three festival seasons; handled inquiries by phone, email, and in person; resolved concerns with empathy; and escalated to the right team member when needed.
- Planned and coordinated on-site event operations, including registration for 50+ vendors, performer support, and VIP check-in, managing high volumes of requests and shifting priorities during peak festival days, including weekends and evenings.
- Built automated registration and check-in tracking in Google Forms and Google Sheets, collecting, organizing, and maintaining vendor and guest data to improve accuracy and give staff reliable, up-to-date information for time-sensitive tasks.
- Created infographics, designed materials, and social media content, and maintained public-facing WordPress websites, keeping event information accurate, accessible, and engaging for customers.

Great Furniture **Toronto, ON**
Sales Associate *Apr 2022 – Sep 2022*

- Exceeded monthly sales targets by 30% by engaging customers, asking questions to understand their needs, and recommending suitable products.
- Delivered a positive in-store experience by actively listening to inquiries, addressing concerns promptly, and processing cash and credit transactions accurately on POS systems.

SELECTED PROJECTS

monstrARTity Creative Community **Mississauga, ON**
BollywoodMonster Mashup Survey Analytics *Aug 2026*

- Consolidated and analyzed 1,969 responses from three attendee feedback surveys to draw customer insights on the festival's audience and overall experience.
- Analyzed the data using SQL, Excel, and Google Sheets, applying COUNTIF/COUNTIFS, pivot tables, and QUERY functions to track response totals and percentage breakdowns.
- Translated findings into clear visual summaries, building pie and bar charts on customer demographics, awareness, transportation, reasons for attending, programming preferences, and intention to return.

SKILLS

Microsoft Office (Outlook, Word, Excel, PowerPoint, SharePoint), WordPress, SQL, HTML, CSS, JavaScript, Adobe Creative Cloud (Illustrator, Photoshop, InDesign), Canva, Figma
